Reflective Team Meeting Pack

Free preview

A focused 30-minute agenda, eight editable worksheets and fictional scenarios for care-sector teams. This preview shows the approach and one discussion example. The full paid pack includes the facilitator guide, complete worksheets, eight scenarios and a quick card.

Begin with an ordinary practice question

“How do both shifts find out when a routine activity changes?” Describe the information that can be checked, ask whose perspective is missing and choose one manageable authorised step.

A useful closing question

“Who will try the agreed step, by when, where will the result be recorded and when will we review it?”

What the full pack includes

14-page facilitator guide · 8 editable Word templates · matching 8-page print PDF · 8 fictional scenario cards with facilitator notes · one-page quick card.
